Work Routes
WORK AND HEALTH PROGRAMME

Expert employability support for jobseekers.

We help economically inactive people to start working.

Work Routes is the Pioneer expansion of DWP's Work and Health Programme.

It is designed specifically to help people with multiple barriers to work and/or a disability or health condition.

How it works

The service is entirely voluntary for all those taking part.

1. **Engagement**
   Providing timely and supportive access to those who need it
2. **Vocational profiling assessment**
   Assessing each individual's own work aspirations, skills, experience and personal circumstances
3. **Job finding**
   Delivering expert employability and barrier removal support, including health and wellbeing, skills training and financial support
4. **Employer engagement**
   Offering a wide range of relevant and appropriate vacancies
5. **In-work support**
   Making the transition to work a success, including workplace accessibility support
