

# No Wrong Door

SOUTH LONDON INTEGRATION HUB

## WORKING WITH US

South London Partnership works in collaboration with the 5 boroughs across the sub-region (Merton, Richmond, Sutton, Kingston, and Croydon), to offer support to employers – to improve the skills and employment landscape in the region.

### Let us help you to:

- Find local talent to fill your jobs
- Offer a young person a placement
- Offer a SEND young person work experience
- Support people with a disability or long-term health condition into work
- Take on an apprentice
- Connect with employers in your industry
- Get expertise in your industry
- Gain the skills to become a more inclusive employer
- Access business support for entrepreneurs
- Offer placements for people in Social Care
- Fulfil Section 106 commitments for Construction, Housing and Retrofit companies

**Connect with any of our boroughs or SLP Hubs through the SLP Integration Hub.**

# Our employer offer

## Connecting you to schools, colleges and young people

Supporting employers in any of our 5 boroughs by connecting you with young people. Through the relationships we have with schools and colleges, we support you strengthening the connection between industry & education through facilitating valuable career focused experiences, through placements, apprenticeships or just engaging with young people.

We also support Health and Care employers who want to provide work experience, apprenticeship or placement opportunities to young people.

## Becoming more inclusive

Our South London Integration Hub supports employers to support those who need it most.

The Integration Hub can help you with supporting people with a disability or long term health condition into work.

We also support employers who want to create pathways into work for some of societies most marginalised individuals e.g. young people and women returning to work.

## Are you a Health and Care employer?

Supporting people into Health and Social Care opportunities. Identify which skills new talent will need to be successful in your industries.

We can support you by connecting you with training providers teaching health and social care qualifications.

We can support you with taking on a funded placement for an individual aged 18 to retirement age.

## Supporting young people with SEND needs

Do you want to support a 16-24 year old with SEND needs with work experience. Get in touch to learn about our **Supported Internships** offer across SWL.

## **Are you looking to promote a vacancy to local people?**

If you have a vacancy that you'd like to recruit local people for, we can put you in touch with our Local authorities' Job Brokerage teams in Croydon, Richmond, Kingston, Merton and Sutton.

FREE Recruitment support to promote your vacancy to all residents via job brokerage teams.

Matching job ready candidates to your roles and providing tailored recruitment support to ensure candidates meet your requirements.

## **Are you a Construction, Green or Retrofit employer?**

Our Green Skills Academy Hub support Green and Retrofit employers with their Section 106 commitments.

We can connect you with local training providers, so that you can help inform them of the right training content required to equip our future workforce.

Make use of Candidate Spotlight, where we make referrals to employers of top talents.

## **Are you looking to promote your graduate programme or seeking expertise within your industry?**

We can connect you to BIG South London which is one of our SLP partners. BIG South hold relationships with local universities and adult education providers, and can be a great source to identify talent pipeline for graduate schemes.

You can also join a 'cluster' at BIG South London to gain and share expertise about big topics in your industry.

## **Looking to connect with more businesses like yours?**

We can connect you to your relevant Chamber of Commerce. Being a member at your local chamber keeps you informed of important business news in your borough and helps you to network with other businesses.

## **and there's so much more!**
